Including Arrowwood, Milo, Queenstown, Shoultice and Mossleigh

Volume 6, No. 2

ARROWWOOD, ALTA., SEPT. 24, 1936

Subscription \$2.00, U.S.A. \$2.50

## Boxing Card for Mossleigh Friday, September 25th

A splendid boxing card will be held at Mossleigh, Friday, Sept. 25th, 8.30. This will give the fans their last opportunity of seeing Yorkie Bentley before his tour of Europe, under the management of that well known sportsman and manager, Tommy White. Bentley came along rapidly, overcoming some of the toughest and best in Canada and now ranks with the top-notchers of this country. Tommy, a shrewd judge of fighters, sees in this boy a future world's champion and is sparing neither money nor expense to give him the necessary experience and under his clever guidance Bentley will go far. In the main event at Mossleigh, Bentley is matched for ten 3-minute rounds against young Wilson, of Arrowwood, who needs no introduction here. He is now in hard training and will do all he can to lower the colors of Bentley. Wilson is a fast hard-hitting, two-fisted fighter and game as they make them. The semi-windup, 6 two-minute round, promises to be a thriller. Charlie Smith will be recalled, by those who have seen him, as a good boy, who fights and pusses the crowd at all times. Jim Moran is up against a boy who will keep Charlie stepping from the first bell—a little Irishman with lots of fight and the courage of a lion.

In the preliminaries Segard Hegland of Queenstown, goes 6 rounds with Soldier Simpson. These boys are well matched. Doug Oliver, of Arrowwood, will try conclusions with Harry Latoski, of Gleichen.

This looks like a nicely balanced card. Admission, Box-side Reserve \$1.00, Rush 75c.

## United Church Notes

Rally Day will be observed on Sunday, Sept. 27th, Union School closes at 11 a.m. Joint service and program 11.30 to 12.30. A cordial invitation to all.

Rev. J. N. Wilkinson

## Auction Sales

On Tuesday, September 23th an auction sale of horses, cattle, machinery, household goods and other miscellaneous articles will be conducted by A. Sheline, auctioneer, of Calgary, who has been instructed by Mr. W. M. Burris to conduct the sale on the Bowman farm just south west of Arrowwood. Sale will commence at 10 a.m. Lunch served by the Ladies' Aid at 12 o'clock.

On Tuesday, October 6th, A. Sheline will again conduct an auction sale of horses, cattle, machinery and household goods for Mr. Q. E. Hollenberg on his farm 2 miles east and 14 miles north of town. Lunch will be served by the Ladies' Aid at 12 o'clock and the sale will start afterwards.

## Many Visit the Tree Planting Car

The Tree Planting Car was in Arrowwood over the weekend. On Monday afternoon over one hundred school children enjoyed a splendid program of moving pictures. In the evening a program of moving pictures, followed by a very interesting lecture was given by Mr. Beven which was very much enjoyed by the citizens of Arrowwood. Both afternoon and evening entertainments were well attended.

## Girl Guide Notes

On Monday after school seven Guides went on their first hike of the season with their new Captain. They enjoyed a meal cooked by themselves. One thing they learned was not to build a fire under a tree as several spiders came to visit them, causing quite a commotion. The girls are progressing wonderfully in campcraft and it is hoped they will continue to do so. Several new members have joined. Mrs. J. M. Welton, the resigned Captain, has taken over the Rangers. Miss Mary Danks is to be the new Captain.

## The Queenstown-Arrowwood Juniors Lose to Hillcrest

By R. L. Campbell, Queenstown

The Queenstown Arrowwood Juniors were unsuccessful in their first round Junior ball series against Hillcrest when they lost two exciting games in Hillcrest, after dividing a doubleheader in the games in Arrowwood. The games were played in Hillcrest on Saturday and Sunday Sept. 5-6. The Hillcrest diamond lies on a slope up from home plate towards the outfield, and the Saturday game was played under slippery conditions. Orellin and Morris were the opposing pitchers, allowing 10 hits and 9 hits respectively. In this game Irwin Scott was injured in the second inning and his retirement from further play in the series disrupted the infield. Our boys grabbed an early lead but Hillcrest tied it in the third and got away to a lead in the fifth. Final score 9-5. Hits in this game were made by McLaughlin, Orellin (single and 3 bagger), Rubbelke, McCullough (2 bagger), Segal, Scott, Cary (2 bagger) and Richards.

Lineup—Orellin p, Rubbelke p, Scott 1b, Richards 1b, Norton 2b, McCullough 3b, Segal ss, Dunks lf, Cary cf, McCullough rf, lb, Ockumson rf.

Conditions were good for the fourth series game on Sunday. Richards control was bad and he was relieved by Rubbelke. Marconi pitched for Hillcrest. Each team got 8 hits. The visitors scored a thrilling rally in the 7th to nearly tie the score but Hillcrest protected this lead by scoring again in the eighth to win 9-7. In this game Ockumson p'd out 3 singles to short right field, got one sacrifice and was safe on an error in his other time at bat. Segal and McCullough got 2 singles each and Orellin hit a two bagger but the other boys were unable to hit safely. Cary got on twice on walks and once by being hit by a pitched ball in 4 times up.

Lineup—Richards p, Rubbelke p, Norton c, Orellin 1b, Segal 2b, McCullough 3b, Segal ss, Dunks lf, Cary cf, Ockumson rf, Williams pinch hitter.

The boys participated in a 5 inning tie game against Blair on Friday evening before rain drove them off the field. Score 1-1. Lineup—Richards p, Norton c, Scott 1b, Rubbelke 2b, McCullough 3b, Segal ss, Dunks lf, Ockumson cf, Williams rf, Norton hit a 3 bagger and Ockumson and Williams hit singles.

On Sunday evening after the final play-off game the boys played an exhibition game and experimented with pitchers, Segal, McCullough and Norton taking turns on the mound. Ockumson caught a couple of innings. Rubbelke, McCullough, Orellin, McCullough, Williams and Cary and Richards hit safely. This game was tied 4 all until Hillcrest got away in the 8th to make it 5 straight over the boys.

The game was scheduled for Monday, Labor Day, in Blairmore but cancelled due to cold stormy weather.

We think it was tough luck the boys lost out in the series. Had they had experience in games throughout the summer playing together as had the

## Annual Report of Federal Grain Ltd. Year Ending July 31

Winnipeg, Sept. 18.—Operations of Federal Grain Limited, for the year ended July 31, 1936, resulted in a net loss of \$9,457.77, according to the financial statements made public today by H. E. Sellers, President of the Company. Depreciation \$483,280.10 was provided and interest and exchange of \$2,136.29 paid. For the previous fiscal year, after taking care of all charges, but without meeting cumulative preference dividends which are in arrears since February 1st, 1931, net income was \$1,194.33.

Working capital position was further improved by \$274,531.91 and now stands at \$1,491,003.62, the report shows.

The report of the Directors to stockholders states, in part: "The General Mortgage of \$5,000,000 created in 1930, and pledged with the Company's bankers as collateral, have been released (Continued on page 6)

Hillcrest team, the result might well have been different. Lack of steadiness was the chief factor in the defeats, coupled with the difficulty of judging beforehand the boys' capabilities in the various positions. Irwin Scott's injury was another bad break. While there is no use of the series did demonstrate to those who saw all the games the possibilities which exist in these young players. Although defeated each of the boys learned a good deal from participating in these play-off and exhibition games and each one is now more capable both offensively and defensively in the game of baseball than before the series began. Unfortunately it was not possible to use all the young ball players in the district nor even all of those who were registered, but it should be possible to continue this Jr. District team next year and bring along some of the younger players.

## THE TRIP

Two cars with trailers left on Thursday, Sept. 3, carrying a tent, utensils and grub. Camp was made in Macleod overnight and the gang arrived in Blairmore about noon Friday and set up the tent in the local auto camp, which had a roomy kitchen for cooking. Ball practice in the afternoon, then the game against Blairmore in the evening. The rainstorm drove the boys to shelter in cabarets with wet blankets, but all were at length comfortably settled. Frank and Harry McCullough arrived that night and joined the happy family. It rained heavily most of Friday night and it was doubtful if there would be any game Saturday. Amazing amounts of bacon, eggs, bread jam and coffee were devoured for breakfast. Finally about noon the game was scheduled for that evening but it was doubtful if there would be any game Saturday. Amazing amounts of bacon, eggs, bread jam and coffee were devoured for breakfast. Finally about noon the game was scheduled for that evening but it was doubtful if there would be any game Saturday. Amazing amounts of bacon, eggs, bread jam and coffee were devoured for breakfast. Finally about noon the game was scheduled for that evening but it was doubtful if there would be any game Saturday.

Steadily and calmly the boys were scheduled for 2 o'clock and the game was over early for workout. Tough to lose that one—the gloom could (Continued on Page Four)

## EXODUS

### Arrowwood Residents Moving Out

Mr. J. S. and Mrs. Culp, Ceil and family leave shortly for Oregon.

Mr. Culp and family came to this district in 1917. He was engaged in farming until 1921, when he moved to Arrowwood, where he engaged in business.

Rev. and Mrs. Culp have been active in social and religious work and they will certainly be missed in the community.

The steady patronage of the Arrow Lodge attest to the excellence of Mrs. Culp as hostess. We extend our best wishes for their health and happiness home.

Mr. and Mrs. Q. E. Hollenberg came to the Arrowwood district in 1924. Mr. Hollenberg has been one of the leading farmers of this community. They have been interested and active in civic and religious work to the extent the community will greatly miss them, but it is believed that their activities will continue in their new location and Alberta will still benefit by their services as they are located in Calgary, where they will be engaged in business at 617-5th Ave. West.

Best wishes for success and happiness and hopes to see them frequently go with them. W. M. Burris and family came into this district in 1927 from which time Mr. Burris has been extensively engaged in farming and stockraising. In the meantime Mr. Burris and family have made a host of friends who hold them in high esteem and who regret very much to see them leave the community.

The older of the children who have finished their local schooling, have taken special work at other schools to aid them not only in personal lines, but to qualify them for social and religious work at home or abroad.

We foresee for them a useful life wherever they be. It is understood the family will locate in S.W. Oregon and best wishes are extended to them for their health, happiness and prosperity.

Mr. E. C. Bowman and family and Mr. Melvin Bowman and family, who recently left here for Oregon, write very optimistically of the country and seem to be busy and happy in their new homes.

F. E. Bell moved from Polson, Mont., into this district in 1918. Mr. Bell has been engaged in farming south of Arrowwood and is quite well known throughout this community. He leaves immediately for Sioux City, Iowa, where he will join Mrs. Bell. Our best wishes are extended for improved health for Mrs. Bell and success for the family.

Mr. and Mrs. Omar Larsen and boys, who recently moved from this district writes that they are nicely located at S. Len, Oregon, where they think prospects for the future are very good. Our best wishes go to them for success in their new home.

## CLIFFORD MANN

Harness and Shoes Repaired, Work Done Neatly and Promptly, at a reasonable price. One block east and one block north of Red and White Store

## Central Bow Valley School Sports to be Held on October 9

A meeting of the Central Bow Valley School Sports representatives was held at the Old Sun School on September 19th.

Mr. Miller, of Arrowwood, was elected as chairman, and Mr. Myers, of Gleichen, as secretary.

It was decided to have a local meet at Gleichen on October 9. This would include the Gleichen, Old Sun and Arrowwood School.

The winners of this meet will compete against the winners of the Strathmore-Carleton and Brooks-Bassano units next spring at a general meet.

These contests are run under the regulations of the Alberta Amateur Athletic Association. The final winners will probably compete in the Alberta Junior Finals.

## Brethren Church Notes

Rev. W. C. Lyle will conduct the morning service and Rev. A. J. Kauffman will be in charge of the evening service.

## BUFFALO HILL NOTES

Mrs. McIneney and family were visitors to Calgary last week-end.

Harvesting operation in this district is practically completed, there being only the odd piece left.

Mr. J. R. Wynt returned to the Vulcan Hospital last week for further treatment.

Mr. Victor Earl, who had been running the combine tractor for Gaylen Jones, has gone to work at Champion for the winter.

Mr. and Mrs. Harold Williams returned to their home, having completed threshing operations.

Mr. Geo. Wilkinson has rented the farm of T. G. Gowlocki, which he will operate the coming season.

## Elevator Competition

The business of handling Western grain is not only the most highly regulated but also the most competitive business in Canada.

All country elevators, whether Line elevators or Pool, compete for business. Competition is as keen amongst Line elevators as it is between Line and Pool elevators. The service given by elevator companies is honest and efficient, as it must necessarily be.

The Alberta Pool advertisements refer to their competitors as a "family compact." There is not and never has been any "family compact" among grain companies any more than there is between Line and Pool elevators.

It is the habit of the Pools in their advertising for competitive business to claim credit for every improvement in agricultural conditions and to blame their competitors for the burdens that remain, whether they arise from world conditions, national conditions or geographical conditions, for which the Line companies are no more responsible than the Pools. Their claim is untrue and unfair.

The Line elevators are as keenly interested as any other organization in a good price for the farmer, in his prosperity and in the improvement of the external and internal conditions that affect his welfare.

## LOCAL LINE ELEVATORS

YOU can cut Dixie come or flakey just as you like it. It's economical, too, for you cut it only as you use it—there's no waste.

## Requisites For Safe Driving

The summer just passed has produced the usual crop of automobile accidents to drivers and passengers in the three prairie provinces. The daily newspapers have duly recorded numerous accidents together with the names of killed and injured and, when the information was available, the causes of these frequent disasters.

It is yet too early to record figures detailing the number of accidents and the toll of dead and injured. These will be available later, but indications are that there will be little, if any, reduction below the 1935 record, despite the safety first campaigns which have been waged by governmental authorities, automobile clubs and commercial organizations interested in the subject, through the public press, over the air and through motion picture presentation.

It does not necessarily follow that such campaigns are a failure, but it seems to indicate that public memory is short lived or that the capacity of automobile drivers to avoid accident, no matter how well-intentioned or how careful they may be, is below par. The latter is probably a close approach to correct diagnosis of the ailment.

Statisticians and experts working on figures and available data on the causes of automobile accidents in the United States last year came to the conclusion that the number of accidents arising from defective equipment or faulty mechanism is comparatively insignificant, from which it follows that the human element, the capacity and capability of the driver, is in the majority of cases, the factor mainly responsible for disasters on the highways.

In other words, a large percentage of automobile accidents, can be reasonably attributed to lack of training or lack of experience on the part of the driver and perhaps in many cases, a combination of the two. This statement does not take into account accidents which can be charged up against recklessness, alcoholism or criminal negligence.

Undoubtedly lack of training and lack of experience are the causes of a number of crashes and the opinion is gaining ground that a substantial percentage of accidents is caused by drivers who are ordinarily careful but who have not had sufficient experience to sense danger in time to avoid it or who, sensing a pending risk, are not careful enough to resort to the proper course to follow in time to prevent disaster.

In view of these conclusions there is much to be said for the adoption of courses of training for those who intend to operate powerful and speedy motive vehicles over the highways. This might be followed by examination of applicants for operators' licenses for the first time, though it would not be feasible to insist on making such tests the sine qua non for the right to drive for those who have previously been granted licenses. Courses of such a nature, if properly carried out by competent persons would at least partially, if not completely, take care of lack of training.

As for accidents caused by lack of experience, these can only be overcome by experience, supplemented by instruction. That drivers can and do develop a form of road sense which warns them of impending danger is the testimony of Oliver Stewart, writing in a recent issue of *The Observer of London*, England, where the mounting accident toll is causing grave concern. The writer explains that in course of time a driver learns to interpret small signs which to a novice would pass unheeded. "A driver on a main road about to pass the entrance to a side road, suddenly slows down. No other vehicle is visible; yet as he reaches the side turning, a motor vehicle comes out of it and turns into the main road. If the driver is questioned as to the reason he slowed down before any other vehicle was visible, he will probably say: 'It's intuition.'"

To Mr. Stewart that is not altogether a satisfactory explanation. He pointed out that in all probability the driver unconsciously registered some small sign that something was coming down the side road, a pedestrian turning his head in that direction or a flock of sparrows taking to flight from the ground or some other indication.

"The swift interpretation of such things," says Mr. Stewart, "is road sense and it is acquired with practice; but it is much too rarely taught. At first the sign will be seen, but not interpreted; and, in the absence of specific instruction, it is only with long practice that the interpretation can be expected to come without delay."

## Just try CREAM PIE made with Christie's GRAHAM WAFERS

There's a recipe with every box. Try it, and see how the neighbors will envy your pie-baking! Of course, Christie's Graham Wafers can be used in a number of different ways. Eaten any way they are delicious, nourishing and as fresh and pure as any biscuits can be.

**Christie's Biscuits**  
"There's a Christie Biscuit for every taste"

## Houses Strange Collection

Many Interesting Curios To Be Seen In Private Museum

Charles Q. Eldredge, veteran world traveler, who has celebrated his 91st birthday, is the sole owner and curator of the Eldredge free museum at Old Mystic, Connecticut, which boasts of more than 7,000 items collected in the last 81 years.

Early in life Eldredge developed a mania for collecting things, and in 1917 he erected a separate building for his trophies and opened his free museum. Since that time, more than 60,000 persons have viewed the collection, while Eldredge himself has personally conducted 25,012 persons through the building.

The collector is as fond of entertaining as he is of collecting curios. He displayed his love of entertaining friends in 1891 when he returned to Old Mystic after engaging in the building business for 20 years, and built a large recreational center which he called Riverview. Hundreds of guests from Connecticut and neighboring states have used his bowling alleys, shooting galleries and other amusements.

The museum houses as strange a collection as has ever been assembled. In front of it rests the bleached skeleton of a whale, 90 feet long, the gift of Capt. John C. Spicer of Groton, Conn., who caught it in Hudson Bay in 1878.

An enormous penguin greets the visitor just inside the door. It came from Cape Horn and the card around its neck is typical of the labels Mr. Eldredge has placed on the exhibits. The card reads: "I am sure that you folks, like me, are close readers of the Bible, so you will remember that somewhere it tells about those who have ears and hear not and eyes see not. Well, here is a bird which has wings and flies not."

Eldredge takes more pride in his souvenirs than in his natural history collection. He has what he believes is the first cannon ball fired against Fort Sumter, and he says that Edmund Ruffin, the fellow who fired that shot, also fired the last shot of the civil war. When he heard that Lee had surrendered he shot himself through the head.

Some of his other prize items are a petrified coconut, which, he says, dates from 437 A.D. and was found during the digging of the Panama canal; a ship model built in a bottle and which won the world prize for that sort of thing in 1884; a petrified oyster weighing eight and one-half pounds which was found in South Africa in 1865; a piece of wood from the Confederate gunboat Merrimack; some wooden hinges used on a barn door for more than 200 years; an almost complete set of all commemorative coins issued by states or the federal government, and several thousand rare postage stamps.

## For Brighter Silver

Potato Water Is Said To Give It

Extra shine. Few people know that if silver is polished while it is hot the work is halved and the resulting brightness doubled. It is with this in mind plan your washing up with this in mind view. Leave the silver fork, spoon, teapot and cream jug to the last, pour a little fresh water over the basin and wash up the silver, drying it before it has a chance to cool down. Another queer and little known tip for silver is this: To give an extra sparkle for a special dinner party, soak it for a moment in the water that the potatoes were boiled in. Dry it while still hot and the result will be amazing.

## SELECTED RECIPES

### DATE MUFFINS

- ½ cup shortening
  - 1 egg
  - 2 cups flour
  - 3 teaspoons Magic Baking Powder
  - ½ teaspoon salt
  - ¾ cup milk
  - 3 cup dates, pitted and chopped.
- Cream shortening, add beaten egg, flour in which baking powder and salt have been sifted, and milk. Add dates. Bake about 25 minutes in greased gem pans in moderate oven at 400 degrees F.
- For sweet muffins stir ¼ cup sugar with dry ingredients.

Teacher—"Johnnie, you must bring a written excuse for being absent yesterday, from the head of your family."

Johnnie—"She's away on a fortnight's holiday, ma'am; shall I bring one from me father?"

Purple in Scotland have to get through about three times as many books in the school year, as do London school children.

Great Britain is standardizing all brass foundry products. 2169

## Women in Banking

Few, If Any, Hold Positions Of Responsibility in Canada

Very few, if any, Canadian women, hold positions of responsibility with the banks. It is a field in which thus far the mere male has been able to stave off the feminine onslaught into the business world.

But in the United States, the number of lady bankers is sufficiently great to warrant an association of their own—the Association of Bank Women. This group will convene about the middle of October, just before the convention of the American Bankers' Association.

Offices held by members of the fair sex included in the association's roster run the entire gamut of the banking profession from president down. Included are presidents, vice-presidents, cashiers, trust officers, statisticians, directors, branch managers, and managers of departments such as exchange, collection, publicity, savings.

## Taking More Medicine

The growing consumption of medicine in England is worrying Sir Kingsley Wood, minister of health. "We are rapidly becoming a nation of medicine drinkers," he said in a speech to the House of Commons. The cost of medicine per head in England, he said, is double that in Scotland.

## May Increase Duty

Britain Likely To Get Revenue From Foreign-Made Flags

Foreign-made flags, pictures of the King and other articles suitable for the coronation may be subjected to higher import duties.

Increases are being considered on articles for use in or commemorating the coronation, or as souvenirs, which have a representation of the King or any member of the royal family, any royal emblem, or bear a flag of any country in the British Empire, or are in any way suitable for the coronation.

An improvement in the gear wheels of dial telephones now permits them to live through 5,000,000 operations instead of 100,000 as formerly.

## Producing New Paper

Russian Scientists Claim It Will Last 1,000 Years

A new brand of paper—so strong that it will "last 1,000 years"—has been invented by scientists at the Leningrad laboratory of preservation and restoration of documents. It is claimed.

The formula for the paper was discovered as a result of studying Egyptian and other ancient kinds of paper.

According to the director of the laboratory, Professor Tikhonov, production of the new paper will cost no more than the manufacture of ordinary paper.

The groundhog and the woodchuck are the same animal, the former name being given to the animal in the eastern states.

## EQUAL TO THE best ELECTRIC SET reception

IMAGINE AN "A" BATTERY which didn't have to be re-charged and which didn't lose its power gradually but maintained its peak to the very end.

And imagine that this battery gave perfect service not for just two or three months but for 1000 playing hours.

Wouldn't you jump at the chance of having such a marvel in your own set?

The opportunity is yours! Your dealer has just such a battery. It's called Eveready Air Cell and does everything the ideal "A" battery should do. It actually maintains itself by simply breathing air—and its power scarcely fluctuates for 1000 playing hours.

## The Queenstown- Arrowwood Juniors Lose to Hillcrest

(Continued from page 1)

be cut with a knife. The exhibition game was a free and friendly affair. Monday was cold and windy and the game scheduled for Blairmore that day was cancelled. Camp broke up and the gang pulled out, one car going west home via Radium and Banff.

Those who made the trip—Ray Clemmons, Ab Crellin, Jim Rubbelke, Keith McLaughlin, Art Soli and Reg. Campbell from Queenstown, Able Segal from Mossleigh, Floyd Cary, Neal Dumka, Casey Norton, Leroy Richards, Irwin Scott and Leonard Williams from Arrowwood, Frank and Harry McCullough from Aldersyde,

### NOTES

Some of the boys wanted to stay in Hillcrest and it looked as though we would have to leave some of the others in Blairmore, to say nothing of last, but they all came home at last.

Frank and Harry were most welcome arrivals Friday night.

The tent was a sea of wet blankets upon arrival from the ball game Friday.

Floyd and Jim nobly braved the hot (?) showers two or three times.

Monday the hot cakes were OK Sunday not so good. Could that be the reason for losing that ball game?

We liked almost everything about the trip—well everything

but losing the ball games, and the rain and the ball diamond at Hillcrest.

Blairmore was pro-Arrowwood and Queenstown. Our boys are pro-Blairmore. Boys—Nuff said about the midnight jaunts in Macleod.

The team lost out to Hillcrest but some of the boys conquered the town.

Ab drove a ball up the mountain but it rolled back down to the felder. Too bad.

Was Floyd trying to set up a perfect record for getting on base without getting a hit on Sunday? Walked twice and hit by pitcher once, but missed the other time up. Better luck next time.

Isn't the ball park in Blairmore a pippin? And do we like Blairmore?

Thank you Messrs. Linn and White of Blairmore. We hope to see more of you sometime soon.

Who'd like to do it over again Don't all speak at once, boys.

## Stores Will Resume Weekly Half Holiday

The stores of Arrowwood will resume the Thursday half-holiday commencing this afternoon, Sept. 24th.

## ARROWWOOD ITEMS

The basement Sunday School of the Brethren Church sponsored a farewell party for Miss Evelyn and Ronald Burries last Saturday afternoon. About 30 pupils and teachers were present. Lovely gifts were presented to them by the Sunday School. Evelyn has been a very capable teacher and will be greatly missed in that capacity as well as many others in which she has participated.

HOUSE PLANTS FOR SALE—Anyone desiring house plants call at Mrs. J. S. Culp's.

COCKERELS FOR SALE—Single Comb White Leghorns and Single Comb Rhode Island Reds, from approved flocks. Get your breeding stock early while you can have your pick. Apply, Mrs. R. G. Bell.

## Annual Report of Federal Grain Co.

(Continued from page 1)

by banks and are now in process of being cancelled.

"In accordance with Sinking Fund provisions \$130,000.00 par value First Mortgage Bonds were redeemed at a cost of \$120,982.13 to the Company.

"Properties and equipment have been maintained in good repair. Four elevators were rebuilt at more advantageous points. Cleaners and air-dumps were installed in a number of elevators.

"Grain marketed during the year under review was approximately the same in volume as the preceding season. Drought was again prevalent over Western Canada during the summer

of 1936. Poor crop yields coupled with the smaller quantities of grain in storage in your country and terminal elevators will adversely affect shipping during the current year.

Federal Grain operates 415 country elevators located throughout the Prairie Provinces and terminal elevators at the head of the Great Lakes, with a capacity of 7,500,000 bush. The Company also has terminal connections at Vancouver.

Officers and Directors of the Company are: H. E. Sellers, President and Managing Director; A. Thomson, Vice-President; T. H. H. Rathjen, Treasurer; R. C. Gage, Assistant Treasurer, and H. J. Symington, K. C. Montreal, A. H. Williamson, W. A. Anderson, T. H. Rathjen, F. E. Topper, N. W. Tryon, Winnipeg.

The Annual Meeting will be held in Winnipeg, Oct. 30, 1936.
